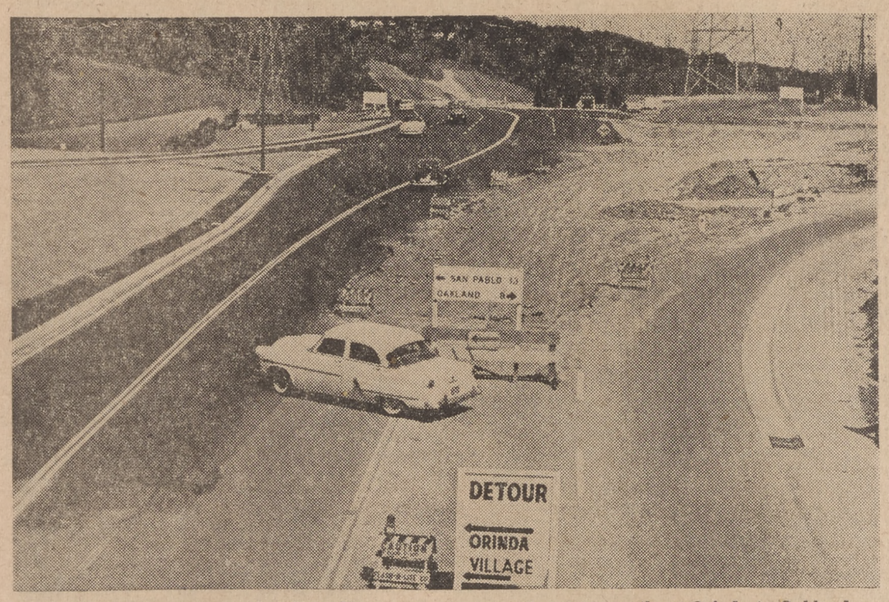
Vol. XVI, No. 14 — Lafayette — Orinda, California — Friday, June 13, 1958 — Ten Cents



THIS DETOUR faces most Orindans these days who are going from northern Orinda to Oakland or other East Bay points. Extreme caution was urged by the County Public Works Department and the California Highway Patrol this week in the construction area.—Sun photo by Mattson.

Library Board Prexey Issues SOS

Brown States $12,000 Now Urgently Needed

Orinda Library Board President Perc S. Brown this week issued an SOS to Orinda residents, stating that unless approximately $12,000 more is received, the now-under-construction library may be in dire trouble.

In an open letter to the community, released to The Sun today, Brown stated:

"This board acting for the people of Orinda, has kept the community fully informed. We urgently suggest careful note of the following major developments; library land ownership, status of library construction, orders placed for furniture and equipment, current status of Library Building Fund, probable time of library occupancy and use, and other factors of similar importance.

"Since the press is the only means without undue expense which we have to reach the public, we hope readers will make a real effort to go out of their way to acquaint friends and neighbors with these facts.

THE LAND LEASE agreement between Orinda Association and Orinda Library Board provided that the association lease the library property, for one dollar per year for 99 years, to this board so long as this board uses that land for library purposes. Also further provided that taxes, if any, on the land or on improvements, either or both, shall be paid by Orinda Association.

"Some weeks before start of actual construction this board notified the association that it did not seem advisable for it to start actual construction before and until the existing signed agreement had actually been replaced by a duly drawn and signed lease. This was done, with both parties cooperating fully of course, however, the association's wholly new board when looking into this matter to properly inform themselves, were concerned as to the tax implications devolving upon them. This led to a formal offer from the association to this board offering deed and title to the library land, thus freeing the association from such tax liability.

"This board promptly accepted the association's proposal subject to formal ratification by its board members and this matter will be formally ratified at its next regular board meeting. The deed papers are in process of being drawn. This accommodates the association without innjury of any kind to the interests of this community. One practical effect is that it rids one community organization of potential and probabie tax liability.

"ALSO THE TECHNICAL ownership—in trust for the community—of both land and improvements will soon reside in one community organization instead of in two different ones, the land and improvements belonging to this community just as before. Ernest Spiegl and George Huerken, acting for this board, have secured a written opinion from Contra Costa District Attorney Collins that neither the land nor the improvements — with community ownership residing in the name of Orinda Library board—will be subject to property taxes.

"THIS APPEARS to resolve the question to the benefit of all concerned.

"How about operation of the library when ready? To relieve Orinda from any continuing costs after completion, Orinda Library Board intends as soon as possible to initiate negotiations with Contra Costa County whereby the county agrees to assume costs of operation, maintenance, insuring and cost of insurance premiums, etc.

"If, in so doing, it is found to be necessary in order to accomplish these objectives to convey title to the county it will be done subject to proper and adequate reversionary clauses to insure that, if, and when Orinda ever becomes a nincorporated or other legal entity, different from its present status, title to such originally owned Orinda property shall, in its entirety, revert to this community.

"WEATHER AND unavoidable delays permitting the library could possibly be finished in September. Most likely dedication and opening for use will take place in October.

"We have sufficient funds to complete ground improvements (not including landscaping) and the library building itself. It is to be clearly understood the term 'sufficient funds' as used herein means cash presently on hand plus ultimately reciving proceeds from all signed pledges.

"We do not have sufficient funds, on hand or to come from pledges, or in sight from any sources, to anywhere near adequately equip the library with steel shelving, furniture and equipment. We do not wish nor intend to harangue this community on this subject. Despite many appeals new funds needed to insure completion of the final phase have not come in. We have mentioned numerous times that certain library equipment, and all nonstandard, especially designed equipment had to be ordered at least three, and preferably four months prior to the time of need for use. That time was the first week in June.

"WE CANNOT and would never commit the library board, which means this community, to a certain deficit. In a meeting last week some actions had to be taken. We therefore authorized immediate commitments amounting to a maximum of $5,850 including installation and sales taxes—taking a calculated risk because this sum represents about $3,000 in excess of funds known to be, or to become, available for this purpose. Note the following carefully.

"This sum will only provide an approximate overall one-third of what is needed for library furnishings, equipment and furniture. It will only provide about one-half of the total needed metal bookshelving; a part of absolutely essential items needed for proper functioning of the library staff; one-third of the furniture for the

Kaiser Hospital Gets Rash of Bruises, Knocks

Accidents plagued central county residents this week as at least a half dozen residents went to Kaiser hospital in Walnut Creek following automobile accidents.

A Pleasant Hill High School student was seriously injured and three others escaped with minor hurts, while a Walnut Creek man suffered critical injuries, in separate auto crashes early Thursday.

The students were in an auto that went out of control near the old Nortonville-Somersville Cemetery, skidded 35 feet, and rolled down a 100-foot embankment.

Gary Mylin, 18, of 2960 Bonnie Lane, Walnut Creek, suffered a possible fractured pelvis and internal injuries. Ronnie Britton, 18, of 1672 Merion Drive, Pleasant Hill, Darlene Muzzy, 17, 2008 Hoover Ave., Walnut Creek, and Robin Bean, 16, of 720 Hookston Road, Pleasant Hill, had minor injuries.

Last Friday night at 9:50 on Oak Park Boulevard in Pleasant Hill near Hook Avenue when the car of Paul G. Jensen, 23, U. S. Navy, ran out of control hit a mailbox and careened into the vehicle driven by Thomas C. Johnson, 21 of Charles Hill Road, Orinda. The case is under investigation pending a blood alchol test ordered by the California Highway Patrol on Jensen.

Johnson was rushed to Kaiser hospital and was released to his own doctor.

Others injured in the crash were Bill Schmuck and Bruce Benson Rhodes, both passengers in the Jensen car. They were treated at Concord Community Hospital.

Two others were injured early Saturday morning when the car of Wayne A. Ollikkala, 21 of Oakland with Roger Johnson, 21 940 Alvarado Avenue, Walnut Creek, as a passenger, ran off at the "S" turn ramp leading to the Walnut Creek-Pleasant Hill freeway.

Ollikkala was cited for excessive speed by the CHP. Both were released from the hospital following emergency care.

Monday at 4:20 p.m. 150 feet west of Boulevard way a heavy earth mover and a car collided sending one other person to Kaiser Hospital.

Stanton Frank Olson stated to investigating officers that he was bound west on Mt. Diablo Boulevard and did not see the flagman post a stop signal.
way into a car driven by Rose
He was shoved across the road-I. Lane, Danville who was going east on Mt. Diablo Boulevard.

There was minor damage to the Lane vehicle, none to the Catapillar scraper driven by Robert G. Smothers of Merced and Olson's car sustained major damage, according to the CHP report.

Olson was treated and released from Kaiser Hospital.

Tuesday at 1 p.m. on Danville Highway just south of Rudgear Road still another person was injured in an automobile accident and treated at Kaiser Hospital.

Orinda Chamber Hears Spokesman For US Chamber

Members of the Orinda Chamber of Commerce Tuesday noon heard H. J. "Dolly" Dollinger, of the United States Chamber, speak "off the cuff" on "The Economics of a Community."

Dollinger, former newspaperman, told his views on stimulating retail trade.

He told of experiences during the Great Depression, when he was working in the midwest. Good public and customer relations, he said, can do much to bolster business, regardless of the economic climate.

Points for any Chamber of Commerce to consider, he said, are retail trade; education; legislation—municipal, state and national; schools and the future of the young; and civic affairs—recreation, fire and safety.

Concerning "Buy at Home" campaigns, Dollinger said he felt that such campaigns encourage people to stay at home.

Reciting an anecdote, he said once his organization sent up gas balloons, some of which drifted hundreds of miles. In one instance, he said, a farmer found the balloon, with the attached certificate, which was good for a cash discount, and stopped into the firm advertised.

Inside of several months, Dollinger related, the businessman who had "sent up" the balloon had made several hundred dollars from this element of chance.

However, Dollinger stressed that common-sense, courtesy and understanding are vital factors.

"A consumer survey shows," he said, "that the average merchant will lose 82 per cent of his business in the next 10 years. Of this 52 per cent will be lost due to discourtesy."

In other business, the Chamber reviewed Maynard Buehler's achievements as president over the past year. He was given a round of applause by the members and the following new officers for the coming year were introduced:

President, John Ogden; vice-president, Irving Leiber; secretary, Clarence Betz, re-elected; and, directors, Robert Waschmirth, George Dodge, Al Baer, Tom Horton, James Lucas and Al Pettler.

Merchants committee chairman Al Baer gave a resume of the activities in Orinda's recent Festival of Values. "Timing the event conveniently and working together," he said, "are the most important factors . . . those who worked the hardest on the event got the greatest returns."

Youths in Jeep, Hit Bus Stop; One Hospitalized

Five youths, including the 15-year-old Orinda driver, were injured in a Jeep crash Saturday evening. One of the four passengers in the 46 model Jeep is still hospitalized and the driver has been cited by the Highway Patrol.

In Merritt Hospital in Oakland is Michael J. Gilmore, 13, of 13 Acacia, Orinda, son of Mr. and Mrs. W. P. Gilmore. According to the youth's physician, he suffered a broken arm, a fractured leg, and "soft tissue wounds" to his other leg. His nurse at the hospital said young Gilmore is "doing well."

Driver of the vehicle which went out of control and crashed into bus stop shelter was Deborah Marie Smith, 8 San Lucia, Orinda, daughter of Mr. and Mrs. Richie C. Smith.

According to highway officers, Miss Smith was bound east on Manzenta Drive, about 25 feet east of Orinda Highway, when her car went out of control, left the road and hit the shelter, which is owned by the Orinda Association. Police said she was going "too fast." She has been cited, officers said, for driving wtihout a proper license. Officers said she was driving with a "learner's permit" and "against restrictions on her license."

All five teen-agers in the car were taken to Merritt Hospital in a Walnut Creek ambulance after Orinda firemen administered first aid.

Treated and released at the hospital were Miss Smith, young Gilmore, and Lowell R. Nault, 18, 6 Willow Way, San Anselmo, Jeffry J. Quinn, 10, 1205 Trinity, Modesto, James H. Gallagher, 9, Modesto.

The youths had attended a tennis tournament at Orinda Country Club.

Contracts Let For Storm Repair

A contract for repairing some of the storm damage, in the Orinda area, was awarded Tuesday to O. C. Jones and Sons, of Berkeley, who submitted a bid of $30,200, the lowest of two bids received.

The contract provides for repairing five different slipouts, on a cost plus percentage basis.

Bids were for the percentages to apply separately to labor, equipment and material.

The slipouts to be repaired are located at Charles Hill Road, Via Floreado, East Altarinda Drive, Sleepy Hollow Lane, and Camino Sobrante.

This is the first of three contracts for storm damage repair.

Free Teen Want Ads Are Offered Again by The Sun

School is out, and there are plenty of willing and able teen agers in the area who can take over some of the more rigorous chores around the house, if you just give them a chance.

Again, The Sun offers to all teen-agers of the area the opportunity of placing free work wanted in the classified sections of The Sun and Sun Shopping News.

Any teen-ager may place a 10-word classified ad at any one of The Sun offices for a two-week period. The ad will appear in The Pleasant Hill Sun, Walnut Creek Sun, Orinda Sun and Sun Shopping News.

The rules are as follows:

The teen-ager must appear in person at one of The Sun offices: 1000 Oak Hill Road, Lafayette, or 1320 Locust Street, Walnut Creek.

ADS MUST BE submitted in writing prior to 3 p.m. Monday for publication in the Wednesday edition of The Sun Shopping News and the Friday edition of The Sun.

Included in the ad should be the name, age, and type of position the teen-ager seeks.

The Sun offices are open Monday through Saturday. Ads may be placed any day of the week. Telephone ads will not be taken, and the ad must be brought in by the teen-ager placing the ad, or by a parent.

Employers are requested to contact the individual at the telephone number listed in the ad, and not to call The Sun for information regarding the individual advertisements.

HUNDREDS of teen-agers have already taken advantage of The Sun's free work wanted classified ads in past years and found many jobs to keep them busy all summer.

Many of the positions found by the teen-agers helped them decide on lifetime careers.

Some worked in engineering offices, others for contractors; girls found positions as typists, file clerks and similar positions which led to year round work and positions after graduation.

May geared their school programs to the career in which they had worked during summer months.

IF YOU KNOW a teen-ager, inform him or her of this offer by The Sun, and make sure the ad is submitted before 3 p.m. Monday.

Of course, The Sun cannot take responsibility for claims made in the advertisements. This offer is merely another public service feature of The Sun.

Watkins to Receive Bachelor's Degree

James Douglas Watkins, 7 Mariposa Lane, Orinda, will be awarded the Bachelor of Arts at the Whittier College Commencement exercises June 14 at 4 p.m. in Harris Amphitheatre on the College campus.

53-Apartment Development For Downtown

Orinda realtor Ramsey Underwood Thursday revealed plans for 53-apartment "garden type" development in the football-shaped plot bounded by the Moraga off-ramp road and Brookwood Road.

Stressing that his plans are tentative, Underwood said the development will be comprised of seven different buildings, with none being more than two and a half stories high.

"Our idea," he told The Sun, "is to building the development so that it blends in with the existing terrain and has an indoors-outdoors atmosphere."

Underwood said it would be built on a four-acre site, which has natural boundaries. If approved for rezoning by the County Planning Commission, he said, his development would "create a buffer zone between the existing commercial and residential areas.

Underwood is affiliated in the undertaking by McCann - Keyes Associates of Redwood City. A partner, J. R. McCann is a former Orindan.

Features proposed for inclusion in the development are individual sun decks, a large swimming pool and a natural, woodsy atmosphere, Underwood said.

As a preliminary move, Underwood has placed his proposal in the hands of the Orinda Association's Civic Affairs Committee, which meets at 8 p.m. Monday in Orinda School.

Concerning the "football-shaped" plot for the development, Underwood explained that it is currently restricted to 50-foot lots. However, he said, "it would be physically impossible to expand the development site because of its natural limits . . . and what is contained within the limits is mostly creeks."

"At present," he said, "we are simply soliciting the opinions of the Orinda Association."

Preliminary plans have been submitted to the Orinda Association's planning committee. One Orinda Association Board Member, Ralph Hall, stated informally that "it looks like a pretty good plan."

Car Rams Tree; Driver Serious

Ernest J. Thirion, 68, of Oakland, was listed as in serious condition at Kaiser Foundation Hospital, Walnut Creek, after his car crashed in Orinda Sunday.

The crash occured north of Orinda Villege when his car spun out of control on loose dirt and narrowly missed another vehicle before it smashed into a tree near 155 Orinda Highway.

Orinda firemen administered first aid to Thirion before he was taken to the hospital.

Suburbia Scribblings

By MARIE MONAHAN

Treehouse of the June Sun . . .

We don't know which is worse for Mother. Or more fun for the youngsters. Inside tent-making OR outside treehouse building; the latter being the prevailing project at our house this week. Anyway you look at it, there's no rest for the Fall Guy—meaning Mom, of course!

FLOURISHING hammers & saws, assorted boards & blocks, the children & their friends sneak around scrounging nails. Even after you've said "No More!" Much noisy activity ensues till—The Sign is up, the flag is unfurled, the pillows, canteens, & Tarzan gear are all enconced high in the branches.

THEN ONE LITTLE genius hoists a pulley in place and Mother must come and see . . . to be cajoled into putting picnic lunches therein. With screams of delight greeting each send-up of sandwiches, celery stalks & sodapop.

A SIMPLE WAY, you say, of keeping them happy & out of sight. Hah!That's what WE thought!

There's an S.O.S. for seconds on the Lemonade. And Look Who's so popular! "Mother . . . Mocoother!" So it's out to see the bird's nest. Or bring a Bandaid. Some balm for the bee bite. And oops, someone choking on a carrot?

Maybe it's preferable to have them underfoot after all!

ON SECOND THOUGHT, that treehouse looks good! If you come around calling, yell twice. We're two landings up. (The coffeepot, bluejays & me!) Soliloquizing. But bring your own lunch. We're staying PUT! School vacation's starting and we know when WE'RE well off!

I concentrate on you . . .

Members of the Wedding . . . In Honolulu for the Scheller-Harman nuptials tomorrow are Yvonne & Jay Meyer and Kay & Jack McClaren of Orinda, the foursome flying over LAST Sat. w/a large contingent of wedding guests for a celebrative stay at the Hawaiian Village. The McClarens plan to spend 10 days in the Isles and the Meyers are going on to Tokyo.

GIRL OF THE GOLDEN VOICE . . . Frances Groves, mezzo-soprano dghtr. of the Murray Groves, won the 1958 SF Opera Debut Audition finals last Fri. nite . . . We'll bet Suburbanites will swarm to Stern Grove on Aug. 10 when she and her co-winner LA tenor Robert Thomas will be given the opportunity to appear w/members of the SFSymphony. In addition, both will be considered for SF Opera roles this Fall.

Don Jones, Orinda photog, has a second-time pictorial spread in the SatEve Post's June 14 issue . . . a California Landslide shot! NOT of Orinda!

LETTERS, we get letters . . . Gene & June Estes, stationed w/Standard Oil at an outlying field in Iran, write they were surprised to find their son's textbook the SAME as those used at Sleepy Hollow School. Dorothy (Lu) & Doug Adie have joined the Country Club at Marietta, Ohio and report that a recent social Sat. night featured a "Coen & Chicken Dinner."

SHOWERS, we've got showers . . . Bill Clyatt drove Ruth to Joy Thomases on Miner Rd. eve of June 5 and when soprano screams of "Surprise" greeted them, surrendered & sat to remain through the pkg. opening ritual at the insistence of all. The party, co-hostessed by Agnes Fitzgerald literally "showered" Ruth & Bill's baby due to arrive early Fall. Among the guests, Joan Simpson, Allie Rasmussen, Marina Jones, Marge Shepherd, Thelma Studley, Joan Fox and Blossom Schmidt. Laurie Kersten (winning the "Memory Game"—With SEVEN offspring, she's had good experience!

ALSO ON HAND were Mary Ann McClure, Grace Campbell, Char Chapple, Madeline House, Genevieve Hurd, Jackie Raaka (she's new Guild Pres. at Community Church), Betty Weber, Merle Saunders, Bobbie Eldridge and Frances Dawson . . . Barbara Wayne going home w/TWO prizes, one won in the "safety-pin"" class. After a guest list like that, a Medallion to the brave Mr. Clyatt! (At least one (1) husband now knows what goes on at these hen parties!)

Same evening, honoring Mary Sassone, a "Diaper Derby" hostessed by Harriet Ainsworth w/guests, members of the Valley Art Center, gifting the Expectant One most thoughtfully — FREE Diaper Service until after The Holidays. The Sassones expecting mid-September!

Flings flang and some to be flung . . .

THE YOUNGER SET enjoyed a busy wknd. . . Over on Canon Dr. at the Max Aberhams home, an ambitious crew worked all wk. decorating for a party in honor of Agnetta Perrson, AFS student from Sweden. We should have known better . . . for when we offered a few Swedish things—"Oh, NO! It's ALL Hawaiian!" THAT being the craze w/Clifford Aberham, industrious young salesman-traveler who'll guide several tours to Hawaii this summer.

The pretty patio & lawns of the Paul Staffords in Sleepy Hollow likewise got the festive look for a Sat. nite soiree given by dghtr. Kathy for some 55 contemporaries of her Freshman class at Miramonte . . . Japanese lanterns and luau torches casting a magic spell over the evening, guests enjoying dancing, games of croquet, ping pong, punch & refreshments. And who had the BEST FUN of all? Mom & Dad . . . who were pleased & proud of the partygoers' BeeYOUtiful behavior!

If you talk to Alex & Lucille Morris at their new Polka Dot soda shoppe, they'll rave too—They'd like you to know the kids who come in are WONDERFUL! And we wish EVERYONE could read the essays entered in the Lions' recent comp contest . . . They made a lot of good common sense, those 7th & 8th graders, writing about "Community Service—A Way of Life", but more about THAT later.

CURIOUSER & CURIOUSER . . . When you see Bill Mott, our Oakland Park man, ask him, will you, if the new Miss Willmott Zinnia is named after him? The kids scrambled out of the Orinda School Library and the mother on duty inquired of one child—"Is it a fire drill?"—"Oh, no," said the girl excitedly, "Mrs. English has on a SACK dress!"

George Eberthart has gone East for his son Robert's graduation from Harvard, Bertie remaining here to see dghtr. Linda through her diploma-doings.

One mother is simply not tossing any greens these days . . . Not since her son started saying "Please pass the Stromptium 90" at the nightly dinner table.

WONDER WHAT happened to the 'Paper Moon'? Orinda Branch members have It—for their dinner & dancing party slated for June 21 at the hilltop house & gardens of Arthur & Vaun Scheu in Lafayette. Jackie O'Connor will chairman w/an able assist from Cyn Stampley.

Tomorrow night, a large turnout is expected at the always-popular Lombardy frolic to be flung at the George erriams on Van Tassel Lane, Merlon Howard to direct details here.

The Marshall Shapiros entertained Sun. at a cocktail & supper affr. . . Sybil Felchlin gave a luncheon & linen shower on Thur. for Chrissie Swanson who'll be Mrs. Timothy Laden after a June 28 ceremony at St. Stephen's . . . Mrs. Paul Demeter entertained a lunch recently honoring Mrs. Kendric Morrish who leaves in several wks. for a two-mo. trek to Europe and the well-known Frederic Confers will start their globe-girding any day now. Gloria & Rudy Rasmussen hopped down from their Haskin's Resort at Buck's Lake to pick up their young son Chris & pack off again to their summer post.

CORSAGES, HANDFASHIONED by Helen Drews, were worn by the distaff side of the AFS families, parents past, present & future, honored at tea last Sunday at the Walter Boysen's in Sleepy Hollow. The James Lindsays' dghtr. Susanne, will go to Switzerland this summer on a Jr. Red Cross scholarship, the better for her to welcome the Swiss Miss who's coming to live w/the Lindsays in the Fall and the Abe Dotys will guest a lad from Norway as new parents on the Amer. Field Service program.

ATTENDING THE MOISEYEV Dance Troupe's final performances . . . Don DeWitt dashing up the Opera House steps 5 min. before curtain-time . . . Bob & Sally James going over for the exciting show . . . Natalie Williams, June Merrell, Jackie Clark together, the latter & her husband Ed leaving for a Pebble Beach stay the next morning. Intermission-talking, Linda Hickox, Orinda Art Center dance instructor.

At the eve performance . . . Ray & Mela Fontaine seated directly behind the Avran Yedidias. The show TREMENDOUS! The male dancers, Hey! Wild & Whirling, outstepping their women, comments galore on their lithe limber agility. THAT glowing feeling permeating the audience as well as performers who took 7 curtain calls, waved & blew kisses FURIOUSLY! See them on Ed Sullivan Sun. nite!

TABLES were turned on Eddie of Orinda Motors last wk. On his day off, Eddie hied over to watch the Giants play. And WHOSE car got towed away? RIGHT! To the tune of a ten spot PLUS!

COMPLAINING OF YOUR gloomy wknd? Consider the case of maters Libby Brock, Ruth Gilwee & Harriet Ainsworth who spent last wknd. "roughing it" w/their Brownie girls at the Brock's Inverness place. Imagine breakfast at FIVE-Thirty! And lunch of hot dogs (ugh!) at an incredible NINE-Thirty! The Brownie loved it, the mothers lived THROUGH it. And that musty smell of soggy wet sleeping bags ALL the way home! (It RAINED, Silly!)

MOTHER'S CLUB COUNCIL—Newy-elected officers of individual school parents clubs form the council of the mothers club. Seated, left to right, are Mrs. Norman Cunningham, president Del Rey School, Mrs. Joseph Conley, president Sleepy Hollow School, Mrs. Leonard Roth, vice president Orinda School, Mrs. Douglas Manuel, vice president Sleepy Hollow, and Mrs. Charles Ivy, president Pine Grove, Forest Petersen, president Orinda, Mrs. iRchard Copenhagen, chairman of the council, and Mrs. Victor Kingston, vice president Pine Grove. Storm Damage Repair Bids Are Requested

Supervisor M. F. Nielsen announced today that the Board of Supervisors have advertised for bids for the repair of storm damage at five locations in the Orinda area. Bids will be received June 24, at 11 a.m.

The repairs are to be made on slipouts on Loma Linda Court, Monte Vista Road, Fish Ranch Road; a washout on Canyon Road; and a failed wall at the Canyon School.

The work is to be done under the provisions of a special storm damage repair contract based on a cost-plus-a-bid-percentage contract.

The work to be done on the slipouts consists generally of removing the unstable slipout to a stable foundation and installing subdrainage facilities and replacing the slipouts with compacted fill material and repairing.

The washout will be repaired by a small channel change and some riprap bank protection.

The failed retaining wall will be removed and a new wall constructed. The actual amount of work done at any job site will depend upon local soil and drainage conditions. The work will follow the recommendations of a firm of soil consultants employed to investigate these and other storm damage problems.

The estimated cost of the work is $40,000.

Flood Control Plan Hearing Set by Board

A public hearing on an ordinance requiring subdividers to pay a share for flood control work in their projects will be held by the Contra Costa County Board of Supervisors in Martinez, June 24.

The new ordinance would demand that all subdividers install all drainage works inside their subdivision at their own expense and to deposit with the county a portion of the cost of installing off tract drainage facilities.

Presently such fees are required, but are refundable to the subdivider if off tract works are not started within one year.

The new ordinance would require the county to impound the fees and use them exclusively for off-tract drainage whenever adjacent development made the works necessary.

Cost of off-tract drainage works will be prorated against building sites in the area served. The subdivider's share wil ldepend upon the number of building sites he develops.

No building permits will be issued until fees are deposited.

Subdividers will receive credit against fees for any off-tract works that they install as part of their subdivision projects.

Parents Receive Sierra School Data; Meet Set

Orinda School District Superintendent Joseph Sheaff and Recreation Director Frank Isola this week extended and invitation to the public to attend an open meeting on the "Outdoor Education Site."

The meeting is set for Wednesday, 8 p.m., in the Pine Grove School Auditorium.

Prior to the event, the District has sent a resume of information on the proposed site. Parents and taxpayers are invited to the discussion to ask questions of the school officials.

Here is the letter sent to parents by Superintendent Sheaff:

"Outdoor Education is an extention of the regular classroom curriculum, providing experiences in these areas which can best be learned in the out-of-doors. Emphasis is on the natural and physical sciences as well as the problems of conservation of our natural resources which must be met by our future citizens. The out-of-doors is the best equipped and most modern classroom that can be used for this purpose.

"The development of this Outdoor Education Program in California began in San Diego in 1942 and 1943.

"Since that time approximately 100 school districts, in this state alone, have inaugurated Outdoor Education schools. The Orinda Union School District began this program in the summer of 1955. In the past four years, enrollment has increased from 90 to a present group of 207 students. Up to now, we have been fortunate in having the facilities of a ski lodge.

"However, due to the increased number of students taking part in Outdoor Education, the members of the ski club are reluctant to continue to premit use of this site by the school district.

"The United States Forestry Service has 12 organizational sites available in the Tahoe area. Out of over 400 applicants, the Orinda Union School District was placed 5th on the priority list for a site. The usual fee charged for public lands was waived by the Forestry Service because of the educational value of our existing Outdoor Education School.

"Due to the present limited facilities, we have been able to make Outdoor Education available only to the Fifth Grade students . The School District would be able to expand the program to include grades with the acquisition of our own site. Our School District could continue doing an outstanding job in Outdoor Education if we have a good natural setting, suitable facilities and sufficient funds.

"1. Capital investment of site development over a 10-year period would be approximately $40,000.00.

"2. The effect on your tax rate would be approximately 1.7c per $100.00 of Assessed Valuation.

"3. The District receives State financial reimbursement for attendance at this school on the same basis as for regular school attendance.

"Many people in the district have asked why we do not use the money which would be expended on this project to build additional classrooms and thereby eliminate double sessions.

"It should be pointed out that our district used Local and State Bond funds to construct classrooms and other school facilities within the district. We are building as rapidly as possible within the legal limits of State aid and our own bonding capacity.

Library Board President Issues Community Appeal

(continued from page 1)

teenage section; almost everything for the small-children section; but absolutely nothing at all for the adult section.

"When, as and if new cash contributions are sent in—about $12,000 more in new cash contributions is a close approximation of what would comlpete the job—we will make additional purchases, but only to the extent of such new contributions, and then in the repairing order of need or importance.

"WE HAVE DONE everything we can do with what we presently know, for certain, we have to work with, including heavy dependence upon existing signed pledges expecting that such money will come in too, and on schedule, and preferably sooner.

"Even so the shortage, as mentioned above, will remain unless and until the community takes positive action. This is the situation as it stands today. It would be best, and such has been our purpose, if the library—at time of opening—could be properly and adequately but certainly not lavishly, furnished.

"WE SPOKE IN earnest when we stated in our previous release, several weeks ago, that Orindans might find themselves sitting on the floor in a completed new library building. At time of writing this release not a single new contribution had been reported to this board. The talking stage has passed. In view of this lack of response it is unlikely any further public appeals will be made. From here on in, the final outcome rests in the laps of this community and fully depends upon whether they wish or intend to do something about it—and then do it."

Camp Sierra Woodland Site Draws Residents for Work

Sixty-four men, women, and children spent the long Memorial Day weekend at Camp Sierra Woodlands as the first of the 1958 work parties.

Chuck Weidner, chairman of site development for the camp, reports that another work party took over on the weekend of June 7 and 8, and a third group will go up this weekend.

While the adults and older children have been laboring to ready camp for summer use, the children have frolicked in six to ten foot snow drifts.

Major projects for the spring work units, according to Weidner, are the construction of a walk-in refrigerator for the kitchen and an open-air stockade type shower unit.

Camp Sierra Woodlands is operated by the Diablo Valley Area Girl Scout Council and is located at 6,000 feet elevation in Tahoe National Forest about 225 miles from Walnut Creek. The camp has a capacity of 400 girl scouts and is filled to capacity for the 1958 season.

Weekend foremen working with Weidner on the camp project are Howard Prater, Pleasant Hill, Wally Wigit, Danville, and Bill Clyatt, Orinda.

Taking part in the Memorial Day weekend party were the following adults, most of whom had their children with them:

Mr. and Mrs. Bill Wilson, Pleasant Hill; Mr. and Mrs. Dave Keating, Walnut Creek; Mr. and Mrs. Howard Prater, Pleasant Hill; Mr. and Mrs. Bob Rice, Alamo; Mr. and Mrs. Martin Lewis, Lafayette; Mr. and Mrs. Bob Soper, Walnut; Mr. and Mrs. Alan Goodban, Walnut Creek; Mrs. Sarah Wasserman, Walnut Creek; Mr. and Mrs. Chuck Weidner, Walnut Creek; John Stenson, Lafayette; Harry Betaque, Lafayette; Mr. and Mrs. Ray Fasanaro, Walnut Creek; Mr. and Mrs. William Sager, Walnut Creek.

The work crew on June 7 and 8 included the following:

Mr. and Mrs. Dale Hallum, Danville; Mr. and Mrs. Stan Willett, Danville; Mr. and Mrs. Hurley Davis, Pleasant Hill; Mr. and Mrs. and Mrs. Tom Snook, Danville; Mr. and Mrs. Jack Trayler, Danville; Mr. and Mrs. E. W. Wigit, Danville; Mr. Jim Foreman and Jim Foreman, Junior, Danville; Mr. Al Peppin, Pleasant Hill; and Mr. and Mrs. Kirk Otto, Danville.

Planning the trip for this weekend are Mr. and Mrs. R. M. Alpin, Lafayette; Mr. and Mrs. Bill Clyatt, Orinda; Mr. and Mrs. Neal L. Kline, Pleasant Hill; Mr. and Mrs. Vern Kaufman, Lafayette; and Mr. and Mrs. R. Tow, Lafayette.

Absentee Ballot Counting Starts Today (Fri. 13th)!

Today's Friday the 13th and it may prove to be real bad luck for some aspirants to be elected to office as the county elections office swings into the task of counting some 1500 absentee ballots.

Hanging in the balance is the race for Superior Court Judge Department VI with only 525 votes separating Judge Thomas Fraga and Thomas McBride, assistant district attorney of Contra Costa.

The latest tally yesterday by the elections office showed that Fraga had 52,548 to McBride's 52,023.

In other races only 1414 votes divided Lewis J. Ferrari, candidate for county superintendent of schools and Ralph Harris. Ferrarri had at the latest count 20,839 against Harris' 22,353.

In the Walnut Creek Judicial District contest only 80 votes tell the tale between Jackson Davis and C. Terence Ring for the runner up spot in that election.

A scant 893 votes at the latest tally lie between Walter Young and Ronald Orin in the contest for the runner up spot for the Sheriff's election.

Law states that the official ballot must be canvassed by June 28. The filing of absentee ballots closed yesterday at 5.

Election officials noted that of some 2381 absentee ballots taken out approximately 1500 were returned.

Tunnel Closes For Clean-Up

Beginning Tuesday, for a period of approximately six working days, excluding Saturday and Sunday, the eastbound and westbound bores of the Broadway Low Level Tunnel between Alameda and Contra Costa Counties, were alternately closed between the hours of 9:30 a.m. and 3:30 p.m. for the annual clean-up.

During the progress of tunnel washing and minor repainting, radio antennae are being installed in the tunnel bores for the convenience of motorists.

One bore is open at all times with traffic restricted to one lane in each direction during the period when operations are in progress in the other bore.

Traffic volumes are lighter during the above hours than at other periods of the working day and a minimum of inconvenience will be caused motorists, according to highway engineers.

Motorists are requested to be alert for the traffic controls at the approach to the tunnel and to the tunnel and to be prepared to reduce speed to conform to traffic conditions.

Parker-Robb Given Award

A "Participation Continued" award was presented today to Parker-Robb by Acalanes High School and the California State Automobile Association for the firm's cooperation in the school's driver training program.

Parker-Robb loans an automobile for use in the school's driver training classes and installs AAA dual controls at no cost to the school. The agency has participated in the program for the past few years.

The civic service commendation was presented to Richard Parker, owner of the agency, at his place of business.

The commendation was presented by Neal Parsons, superintendent of schools and Paul E. Jackson, attorney of the AAA motorists' organization, which started and developed the program of arranging for dealers to loan driver training cars to schools.

This year, many students at Acalanes High School are learning sportsmanlike attitudes and developing car-operating skills in the driver training program.

Citizens Asked To Participate in Flag Day Rites

James McGeehon, exalted ruler of Walnut Creek Elks Lodge, today asked all citizens to join in the observance of Flag Day tomorrow, in a display of unity against the growing menace of Communist aggression.

He urged all patriotic citizens to display the Flag at their homes and business establishments on Flag Day in cooperation with the Elks' "Show Your Colors" program celebrating the 181st anniversary of the adoption of the Stars and Stripes by the Continental Congress on June 14, 1777.

Junior Red Cross Plans Expanding

During the past year, five area high schools and 22 elementary schools have enrolled in the Junior Red Cross program.

The student members from our enrolled schools have participated and assisted in various activities and projects, such as Christmas carolling in hospitals, gift wrapping for hospitals, distributing decorated Christmas trees from our schools to hospitals and institutions, along with Christmas cookies.

Over 2500 useful gift articles were created by Junior Red Cross members for children and adults in hospitals and overseas.

Stuffed animals, tray mats, holiday cards, International albums, hogan kits, holiday favors, candy-cup containers, lap and writing boards, International gift boxes, Braille covers and many other projects were made up by our schools.

Appreciation letters were received by the Chapter House office, from the many hospitals and institutions receiving the gift articles. The information was then passed on to the schools involved in making them.

Sixteen Junior Red Cross Chapter-Council members were at the American National Red Cross convention held in San Francisco this year. One of our students was selected by the National Convention as a Discussion Leader for one day of the convention. Partial cost to attend was covered by the proceeds of a JRC Chapter-Council member "Bake Sale" in Lafayette.

One student member, Suzanne Lindsay, sophomore at Miramonte High School, Orinda, was chosen to participate in the International Study Visit Program overseas this summer.

JRC Secondary and Elementary Chapter-wide Council was formed this year and has been meeting monthly at the Chapter House. The Chapter-Council closed the JRC school year with a swim party and will be "back in the saddle," September.

Junior and senior high school girls are signing up to help with Staff Aide work this summer at the Chapter House in Walnut Creek. One student completed the drivers' training course this year at the Chapter and is now a member of the Junior Motor Service. Five high schools from the Chapter were represented at the Bay Area JRC Council meeting in Berkeley at the University of California.

Boys and girls from each secondary school will be nominated by principals, teacher-sponsors and interviewed by the Chapter House for JRC Leadership Training Center at Silver Lake this summer.

Two JRC students were selected in February and attended the "Governors' Youth Conference" in Sacramento. The schools and the JRC work together in an effective partnership.

The ladies assisting Mrs. Milton Bronson, fund-raising Chairman, are Mesdames Alexander Babin, Sidney Kroff, L. George Seiger, Macy Spellman, Irving Bloom, Stewart Bloom, Robert Johnsen, J. Lossow, Joseph Spitz, Hilton Winter, Isadore Perlman, Harold Dollinger and A. Arnold.

WHICH PICTURE DO YOU PREFER? More to the point, which of these recent scenes can you afford? It costs you and your fellow taxpayers $34,000 every time a county highway cleanup becomes necessary. The Contra Costa Highway Cleanup Committee, headed by Supervisor Warren B. Buchanan, urges all motorists to carry and use litterbags in their cars. Dumping garbage, beer cans, papers, and other refuse along the highways not only destroys the scenic beauty of the landscape, but constitutes a health menance and a direct economic loss. —California Highway Patrol Photos.

Rotarians Hear Theater Plans

At the Lafayette Rotary Club regular noon luncheon at El Nido Thursday, chairman-for-the-day Ed Rodman introduced David H. Huenergardt, President of the Pavilion Theatre, Inc. as speaker of the day.

"This Community," stated Rodman has always been interested in the Theatre and other activities. We are deeply gratified that Central Contra Costa County has been chosen as the location of northern California's first new legitimate theatre in several decades." The speaker, Huenergardt, with more than ten years experience in Eastern dramatic circles, as performer, director and producer, has been chosen to direct the organization of this new venture.

"We hope," said Huenergardt, "that a very broad base of community backing will be developed in this area by the local subscription for Gold Circle Guild memberships. We have been tremenduously gratified by interest already shown in the project by leaders of more than a score of organizations in this County, who have voluntarily offered their assistance."

"The Theatre is gradually moving to the Country. Ten years ago there were probably two dozen successful summer theatres located in the 'arty' sections of New England and the Pacific Coast. This summer there will be at least three hundred theatres, musical tents, Shakespeare Festivals, etc. scattered through all the States. "Variety reports that the twenty Musical Tents operating this summer will robably gross $5,000,000 for the season. Summer Theatre grosses are imressive, even by Broadway standards. Comare the expected fifteen million take this season with Variety's estimate of thirty million for the Broadway 1955-56 season."

The Theatre, he said, will be located within a soaring, geodesic aluminum dome: originally designed by Buckmister Fuller of North Caroline: under this gleaming sphere will be the world's first 2,000 seat theatre with a sub basement hydraulic stage and an adjustable seating arc which may also provide for three-quarter arena staging for such events as Symphony and Shakespearean drama.

"This installation will cimbine the glamor of the stage," said Huenergardt, "with practical value of a much needed Community cultural facility."

Hosts to the class were Mr. and Mrs. Alex Barr, assisted by Harry Sommer and Phyllis Woodnutt.

Diablo Jr. Museum Workshops Begin

The Diablo Junior Museum will again present a summer workshop program in natural science this year, and it is expected that the classes will again be filled to capacity, as they have been in past years.

Two separate classes will be given, one at East Contra Costa Junior College for youngsters 9½ years and older, and a second at Walnut Creek School for youngsters over seven.

Both classes start Monday. Registration cost for the junior college course is $6.50, and the Walnut Creek School course is $5, both payable in advance.

THE COURSE FOR older children will run for six weeks through July 26, and will involve a lab session and field trip each week for all participants, under the direction of Ferd Ruth of the junior college staff.

Group I meets Monday, 9-10:30 and Tuesday, 1 to 4 p.m.; Group II, Monday, 11-12:30, Tuesday, 9-12; Group III, Wednesday, 9-10:30 and Thursday, 9-12 and Group IV, Wednesday, 11-12:30 and Thursday, 1-4 p.m.

The workshop for younger children at Walnut Creek School will also begin Monday and continue through Saturday, July 26, when the annual science fair will be held. The program will involve one period per week, which will include work in both field and classroom. Eugene Goselin will conduct the workshop.

ENROLLMENT coupons, which will be found at the bottom of this page, may be mailed to Diablo Junior Museum, Seven Hills Ranch, Walnut Creek, or brought in to the Diablo Junior Museum office which will be open five days a week, starting Monday, at the Walnut Creek School, 2425 Walnut Boulevard.

Already youngsters are flocking to join the program, and those who participated last year remember the fun of working in the lab and field with live animals, insects, birds and reptiles.

Those who have not yet attended a session have a great deal to look forward to.

The program is open to any youngster in the Diablo Valley area, including Orinda, Lafayette, Walnut Creek, Pleasant Hill and Alamo.

Diablo Junior Museum officials also noted that the success of the program depends a great deal on the volunteer help of parents, particularly in the matter of providing transportation for field trips.

Any volunteer help will be appreciated.

"Play Ball" is the cry this Sunday, as the Lafayette Youth Association officially opens the 1958 summer baseball program at Acalanes High School for the kids of Lafayette.

Festivities start at noon, and will mark the third year of the Associations's summer play. Unlike past opening dates, this year the coaches and managers will get into the act. The aged youth will take on a team composed of thirteen through fifteen year olds and show the boys how to or how not to play the game. In either event it should prove to be a good show for those in attendance.

Free Ice Cream, furnished by Dee Scarlet of Dryers Ice Cream, for the kids, plus picture taking by the Gurney Studios of the kids in uniform.

The Associations Swim, Diving and Tennis Lessons, will commence this next week at the Acalanes Pool and Tennis Courts. It is quite possible that those missed out in signing up to take either or both of these lessons, may still do so by contacting Bob Shurman for swimming or Dick Overstreet, for tennis.

Both are in charge for the Association, and may be contacted at the High School during the morning sessions.

Orinda Church Starts Modern Dance Classes

Modern dance classes for adults will be held during the summer under the direction of Lynda Robinson, each Thursday morning from 9:15 to 10:45, in the Fellowship Hall of Orinda's Communnity Church on Orinda Highway.

Designed to correct faults and add grace, the adult dance sessions will continue throughout the year in response to the demand of students already enrolled. However, in this special series, Mrs. Robinson will return to fundamental techniques, and new students will be welcomed, as will youngsters from the advanced dance workshop classes held during the school year.

Lynda Robinson has just recessed children's dance classes for the summer which comprise approximately 250 Lafayette and Orinda youngsters from the age of four through eighth grade.

Graduate of the University of California at Berkeley in the Department of Psychology, Mrs. Robinson received her Master of Arts degree at Mills College for Women in Oakland just last Sunday at the graduation ceremonies. She plans to continue teaching in Contra Costa County, with the possibility of establishing an additional studio in Berkeley.

Adult classes at the Community Church may be paid for individually at one dollar per session, with no restriction on the amount of classes desired, to accommodate those persons planning out-of-town vacations.

Civil Service Salary Plans

The Board of Supervisors and the Civil Service Commission are aware that there is keen interest in the settlement of the salary program for 1958-59," said S.E. Emery, Contra Costa County director of personnel, said this week.

He said, "It is the purpose of this announcement to advise interested parties of the current situation..

"The Board of Supervisors announced previously that it was not contemplating any general or overall increase in salaries for 1958-59."

EMERY CONTINUED, "The Board also stated that it would consider justments of salaries in classes which had gotten severly out of line.

"The Civil Service Commission is now prepared to recommend those changes which it considers to be necessary.

"It is the boards intention to consider these adjustments for adoption effective July 1, 1958.

"The Civil Service Commission has further proposed that the county adopt a new basic wage schedule conforming to the five per cent step interval schedule now in use by a large number of jurisdictions in the state.

EMERY CONTINUED, " It has further recommended that county classes be allocated to this new schedule in the same relationship as classes are now allocated to the current schedule."

Doctors Seek Lessees for Office Bldg.

Doctors of the Walnut Creek Community Hospital Association are presently concerned with leasing space in the new office building to be located adjacent to their proposed hospital in Ygnacio Valley.

To secure a sound financial situation, they are seeking to lease at least two thirds of the 20,000 square feet available to doctors, dentists, and other businesses.

The adjacent building is considered a "professional office building", not just a medical building.

Through financier Richard Graves, teh doctors have procured the financial backing of a large insurance firm, and hope to build their $800,000 hospital and the office building on a mortgage loan secured by future profits.

Experienced mortgage lendors say that the going rate seems to be 15 to 20 years, at 6 per cent, as regards terms, Finance Committee Chairman Bruce Copeland told The Sun this week, in a requested interview.

The doctors have also expressed interest in proposals for the formation of women's auxiliaries to aid hospital actviities.

Dr. Frederick Hanson has commented that, "Hospital auxiliaries are important, and we need the full cooperation and support of all the residents."

The site for the hospital and office building is south of Ygnacio Valley Road and east of the proposed Pavillion Theatre building. It has 10 acres.

A 25-year study of autopsies reveals that alcohol was present in the blood of half of the drivers and pedestrians killed in traffic accidents.

Frances Groves Wins Opera Tryout

Frances Groves, golden-voiced mezzosoprano, sang her way to win the 1958 San Francisco Opera Debut Audition finals last Friday night. Sharing honors with the daughter of Dr. and Mrs. Murray Groves of Camino Encinas, Orinda, was Los Angeles tenor Robert Thomas.

The winners were chosen from a field of ten singers after each made a brief appearance on the Morris Plan Masters of Melody program at KCBS studio in the Sheraton-Place Hotel. Judges for the competition were Dorothy Kirsten, soprano, Maurice Abravanel, conductor of Salt Lake City Symphony Orchestra; and Kurt Herbert Adler, general director of San Francisco Opera Company.

Miss Groves, a graduate of the College Pacific, sang a rich and dramatic "Mon coeur s'ouvre a ta voix" from Saint-Saens' "Samson et Delila." She has performed professionally for three years in Germany and apeared in leading mezzo roles in the opera houses of Heidelberg and Kiel. Both Miss Groves and Thomas will be given the opportunity to appear in a public concert with members of the San Francisco Symphony orchestra at Stern Grove on August 10 and will be considered for San Francisco Opera roles this fall. in addition, both singers have been invited to participate in the Merola Fund Training program for six weeks in early August.

The tall regal brunette, practicaly a native daughter hereabouts, is married to Edward Perry. He is a mathematics instructor at the College of Pacific and shares his wife's love of music. Following the auditions at the San Francisco hotel, the pair received many felicitations on Frances' winning and enjoyed, along with her parents, the Murray Groves, meeting and being photographed with Miss Kirsten in the French Room where the reception was held afterwards.

Foreign Youths Tell Rotarians Of Experiences

Orinda Rotarians Wednesday noon heard five foreign exchange students, who are attending area high schools.

Giving short talks on their experiences and impressions under the American Field Service program were Agnetta Person, Sweden, and Eberhard Umbach, Germany, both attending Miramonte; Irmgaard Seiber, Austria, and Carlos DeMiguel, Spain, both attending Acalanes; and Ernst Von Gelderon, Nethlands, attending Los Lomas.

Also a speaker was Lina Lancione, Orinda, the first girl selected from Miramonte to go overseas under the AFS exchange program. She will live in France for six months during the next school year.

All of the youngsters told of their changed impressions of the United States since they had been here.

One said, "I thought that Americans were all just wallowing in money. After being here I found that just wasn't the case. Our ideas, I suppose, came mostly from the American pictures we see."

Umbach stated that teen-agers in the United States are considerably different in their attitudes from those in his home land. In Europe, he said, youngsters are taught respect and to be worthy of rewards. Here, he said, youths are givxen new cars by their parents, regardless. And, he added, that makes the teen-agers "big-shots."

The program was under the chairmanship of Mrs. Sig Groennings, AFS chairman.

Robeson Smith, Rotary president, presided at the meeting at the Orinda Willows.

On Wednesday Orinda Rotarians will meet at noon at the Willows for their Annual Children's Day Luncheon.

SECOND SECTION

ORINDA SUN

FRIDAY, JUNE 13, 1958

Hey Ump, You're Blind... And Maybe We Are Too!

"Hey Ump. Yr Blind . . . Whyntcha get glasses . . . throw the bum out . . ."

These are familiar words in the big league parks throughout the country, now that baseball madness is with us again in real earnest.

Unfortunately, though, such invectives are not limited to big league parks . . . sometimes they are heard closer to home.

The Sun wants to pay tribute to all the junior baseball leagues, Babe Ruth Leagues, and Recreation Department leagues that are providing good, healthy baseball to our thousands of healthy, growing boys.

Without the merchants who sponsor the teams, in many cases, and the hard working, but seldom thanked managers and men who organize the leagues, the youngsters would be left with nothing but sand lot baseball.

AS IT IS, they have a wonderfully organized series of leagues with good coaching and well-matched schedules.

There is only one danger.

We must remember that this is a game set up for the youngsters.

It's primarily for the kids, and let's leave it that way.

Children are basically good sports, and they are playing the game because they love it. Nothing could be more helpful, or teach them more.

As adults, let's not ruin this. Let's show, by example, that we respect the umpire's ruling, that we can keep our tempers, and in short, that we adults also know the rules of sportsmanship.

WINNING, AFTER ALL, is not absolutely the most important thing. Sure, the kids are in the game to win it, but only one team can win in each league, and that means that there are a lot more losers than winners.

Adults, (both parents and coaches) should not put the pressure on the kids to win in such a way that it detracts from the really important elements of the game.

Last year one team of little fellows lost almost every game, but they stuck together as a team. They didn't quit. And in doing this they may have learned more than the youngsters on the winning team.

CERTAINLY THE coaches and parents were as proud of them as if they had won every game, because they proved that they had something that is inherently a part of the American way of life.

The winners, have not, as yet, had to prove themselves on this field of battle.

What we're saying holds true of athletics in general, and to all the intramural sports practiced on the fields of our high schools and grade schools throughout the area . . . basketball, swimming, football, track.

So, by all means, let's support our youngsters—give them the encouragement that they need and want.

But let's also keep their respect, and show them that we have learned the lessons we're trying to teach them.

Let's be leaders, and show them the way.

The Staff Corner

Political Pundits . . . Ha!

By DICK OSBORN

Boy, we sure can pick 'em!

Yes, sir! Any time you want to know how an election is going to come out before that election is held, just walk in and ask the Ol' Sun Staff . . . they've got it right on the old Kazoo!

We held a little contest down here at the office. We all filled out partial ballots and stuck 'em in an envelope (sealed, secret, and legal) and waited with bated breath for the elections to be held.

They were held, and this reporter got the privilege of opening the envelope to count all the wrong guesses.

Some pretty interesting facts developed.

1. IN SPITE of all that was said and written in this office, neither Fred Hill, Bob Rapida, Norm Colby, Herman Silverman or I picked John Nejedly to win the District Attorney race.

That is what you call faith!

We totaled up the number of first and second place winners picked by each staff member, allowing 10 points for a first, and 5 for a second, and the scores came out thusly, for those of you who are interested:

Herman Silverman, Fred Hill, Bob Rapida, all tied with 45 points; Dick Osborn, 50 points, and Norman Colby, the grand winner with 60 points.

The staff hasn't yet investigated Colby's crystal ball for illegal wiring, but you can bet we're keeping a set of mighty suspicious eyes angled his way.

WE WERE UNANIMOUS in picking Dunklee for first place in the assessor race, but nobody picked Johnson for second (even though Dunklee won in the primaries.)

Everybody picked Ray Taylor for first place in the third district supervisorial race, and everybody picked Harry Brown as first in the sheriff's race.

But only Herman, Norman and Fred picked Walter Young for second place.

Norman picked up points by picking Tom Coll to pace Taylor in the supervisor race.

Herman picked Tom McBride to win the superior court post, as did Bob Rapida, but everybody else picked the winner, Tom Fraga.

As for the Walnut Creek Judicial Court race, Herman and Dick picked Betsy FitzGerald Rahn for first, Bob picked Jackson Davis, Norm picked George Walker and Fred picked Vernon Patterson . . . there wasn't much agreement there, for sure.

And so it went.

As we said, any time you want to know how an election is going to come out, just ask us. But pick the one you ask pretty carefully.

It seems we don't always agree!

Evelyn Stieger, Irma Duty, Shirley Kass Enter Contest

The Queen of Industry selectees brightened Paul's Martinez restaurant to launch the fourth annual benefit program for Contra Costa County.

The kick off dinner was attended by 36 enthusiastic, attractive career women representing business places throughout the county. This program, terminating with a gala coronation ball, is produced by the 40 et 8 Honor Society of the American Legion.

The radiant enthusiasm that was reflected by these participants was characteristic of all civic minded persons.

These young ladies, all between the ages of 20 and 40, took pride in the objectives of the benefit for which they worked. Aside from the prizes offered by the 40 et 8 Society, these girls receive no compensation for the industry they display. Nothing, that is, but the knowledge they are helping underprivileged children and a nurse training program.

The 40 et 8 Queen of Industry benefit program has an uniqueness in that it is not a beauty contest. The awards are made according to the effort and industry displayed by the contestants.

Among the contestants there will be four winners. The first prize is an air vacation trip by Transocean to Honolulu or a $500 U. S. Savings Bond and a matched five piece set of Vogue of California luggage. The three other awards for industry are $200, $50 and $25 Savings Bonds respectively and all four girls will receive a trophy.

In a message to all Contra Costans the 40 et 8 Chef de Gare Don Graham said, "When these young ladies approach you, remember that the receipts from the tickets will be used to benefit underprivileged and retarded children and to train nurses who can take care of them. Be guided by your heart."

The Lafayette worker is Evelyn Stieger at the Safeway Store.

In Walnut Creek the two contestants are Shirley Kass of the Silhouette Studios and Irma Duty of Lucky Stores.

Pellegrin Elected President Of County Cancer Society

Dr. Fred A. Pelegrin, Walnut Creek, was elected president of the Contra Costa County Branch of the American Cancer Society at a meeting held June 4 at the Elks' Club, Walnut Creek, in which officers were elected and campaign leaders honored.

Dr. Pellegrin served as vice-president during the past year. He succeeds Dr. A. R. Reinke, Concord, who held the office for two years. Dr. Reinke was elected vice president. Also elected to the vice president's position was Dr. Charles J. Hart, Walnut Creek, who was secretary of the organization last year.

Dr. Jonas Schreider, Walnut Creek, will serve as secretary with Julian Stern, Lafayette, acting as treasurer. The new officers will assume their duties in September.

The outgoing treasurer, E. E. Matheson, Concord, and Mrs. Matheson, members of the Board of Directors, were honored by the organization at the conclusion of nine years' service. The Mathesons, who were charter members of the Board of Directors, have been transferred to Texas. Dr. A. R. Reinke, president, presented them with a bronze plaque in appreciation of their services to the Contra Costa County Branch of the Cancer Society.

Dr. Reinke also presented certificates of appreciation to Guy Spencer, Walnut Creek, 1958 Cancer Campaign chairman, Mrs. Harold Powell, publicity chairman; and Mrs. Russell Cassinella, Walnut Creek, office volunteer.

In a ceremony honoring leaders of the 1958 campaign, Guy Spencer presented pins and certificates to thirty-five volunteers.

Honored for leadership in the 1958 Cancer Campaign were Mesdames Mason C. Williams, Alamo; D. W. Paterson, Pleasant Hill; Leroy W. Sowers, Lafayette; R. L. Burns, Moraga; J. G. MacCormack, Orinda; William Gordon, Pleasant Hill; Robert A. Fugazi, John Sholes and H. Holt Parson, Walnut Creek.

School Is Out . . . And Here Are Things to Do

By Herman Silverman

Well, the rainy days are over, and the nice weather is here, and . . . what was it? Oh, yes, the kids are out of school.

That means that there will be lots of activity-seeking youngsters in the area, and you know as well as I do that kids have an unbounded energy.

As many of you know, "LET'S GO," a booklet of things to see and places to go, has been available at The Sun offices for some time (at cost). Now we have another one, compiled by Mrs. Doris Brady, who has been working on it for two years.

Much of the material was made available to "LET'S GO" by Mrs. Brady, but much of it is local and of special interest to those of us who are fortunate enough to live in the Diablo area.

Here's Where You Can Get It

The book, entitled FAMILY FUN IN THE DIABLO AREA, is available from the Walnut Creek Chamber of Commerce at 75 cents per copy.

Mrs. Brady says, commenting on the preparation of the book:

"I have felt a real compulsion to get out the information I have accumulated from our own family trips, newspaper notices, experiences as Cub Scout Den Mother, Brownie leader and Girl Scout patrol leader, and from inquiring about music lessons, dance and art lessons for my own children.

"I began the project at East Contra Costa Jr. College when I was taking Family Life course from Dr. Costellanos and used this as a term paper. . .

"Little did I know what I was getting into! Putting something into shape for printing is somewhat different from writing a term paper, but I had done so much work already, I hated to abandon it. I am trying to get it out to families who can make use of it this summer."

Mrs. Brady should know whereof she speaks, as she has a family of six children, ranging from 5 to 12 years of age.

Especially Arts and Crafts . . .

The book itself covers a variety of subjects, with such chapter headings as Arts and Crafts for Adults and Children, Dancing Lessons for Young and Old, Plays for children, Camping spots, Picnic grounds, Special events, Organizations for children, Cooperative Nursery Schools, Public libraries, with their locations and hour, and Books about Central California for Adults and Children.

There is a chapter entitled Excursions, which is divided into short: back home in two hours: Historical sites near home. Medium, two or more hours; Long (could be all day) and such special ideas as weekend camping trips and snow trips.

This book is particularly strong on local arts and crafts, dance, music lessons, concerts and things of that sort. Of course, much of the material has appeared in LET'S GO, which is more comprehensive, but this is especially valuable to the local dweller.

We'd Like Like to Stock 'Em All

The Sun will continue to stock LET'S GO books (75 cents plus three cents tax) and we wish we could stock this one too, but we're afraid if we do that we'll become a bookstore.

Incidentally, over 500 of the LET'S GO books have been sold through The Sun offices, so people must really be travelling around here.

But if you want to search through FAMILY FUN IN THE DIABLO AREA for ideas for your kids and yourself for the summer, you'll undoubtedly find it worth while.

Especially valuable is the arts and crafts section which lists such items as the Mills College Creative Arts Workshop. This shop holds forth on Saturday mornings, and is for children from 4 to 11 and their mothers.

Courses are given in music, dance and art, and it is a fine chance for a mother to do something creative with her young children.

Maps Are Good, Too

Another interesting and valuable feature of the book is the selection of hand-drawn maps, which, although they are not to scale, should certainly suffice to get you and your family from one place to another with a minimum of difficulty (and you don't have to fight the old map-folding problem, either.)

These maps show parks, camping spots, ghost towns, and are, in themselves, enough to keep a family pretty well occupied for a morning, just studying the places to go.

All in all, it is a valuable book to have, just as is LET'S GO, and the community certainly owes a vote of thanks to Mrs. Brady for compiling it.

I am sure there will be many a thankful mother, too, as the summer wears on.

And I'm sure Mrs. Brady would be glad to hear from any of you who find the book valuable and entertaining. She lives at 2360 Buena Vista Avenue in Walnut Creek.

And our thanks to you, Mrs. Brady.

The Gay 90's lived again in Western glory the other night. The Heidi Chapter of Children's Home Society presented it's annual "Heidi Ho" party at the Glenn Stubblefield home in Lafayette and it was a "roaring" success.

The gardens were trimmed with old lanterns, horse collars and even an old, broken down slot machine, which added to the western effect. Mrs. Earl Plescia and Mrs. Jack Campbell were in charge fo decorations. All of the members of the refreshment committee, headed by Mrs. Don Blackwood, were dressed in frontier garb and the members' husbands wore colorful vests and string ties with sleeve garters.

YIPPEE!! Look at them, thar costumes!

There were some fabulous costumes in evidence—one, worn by chairman, Mrs. R. G. Falk, was a black sequin "hour glass" affair with which she wore a red bow and a bright green ostrich feathered picture hat.

Co-chairman, Mrs. E. C. Murray, was a gay sight in a black and white floradora outfit with a large black feathered chappeau and Mrs. Stubblefield (hostess) was a beauty in a black velvet creation with a silver and blue ostrich hat. Incidentally—she will be the Heidi president next year.

Dressed as can-can" girls were Mrs. Gilbert Myers and Mrs. G. A. Squires who, with their husbands, entertained at no host parties following the open house. One group including the Myers, Stanley Hills, William Benioffs, and Robert Pearsons gathered at the Tunnel Inn and another, including the L. W. Tacchells, Don Blackwoods, S. DeAngeles, (Mrs. De Angelees was another "can-can") and Mrs. Robert Begley and her fiance, George Oppie, dined at the Casa Orinda. Georgia and Ted Clark invited Mr. and Mrs. John H. Miller and their teen-age sons, John and Keith, to join them and their son, Rodger, for dinner at home.

The Lerdu Franks and the Robert Lockeys co-hosted a dinner party in the Lockey home. Guests were Messrs. and Mmes. Wallace Conners, Larry Swanson, E. B. Gehring, Mel Wittick, Bob Hackett, Stuart Wade and Miss Dolores Connely and Mr. Arno Gustafson. Mrs. Lockey was another floradora girl and Mrs. Frank had joined the "can-can" ranks. Mr. and Mrs. Charles Morrill and Mr. and Mrs. Robert Short dined together.

Yes sir, it's swimming and barbecue time!

A large number of guests enjoyed swimming and a barbecue dinner at Nell and Fred Costello's home. They were the Don Millers, Eugene Hatfields, Louis Mittlemans, Robert Powells, Andrew Cattos, Brad McGuires, Douglas Thayers, Jack Jacksons, Buck Ewings, Robert Proberts and Larry Gerlachs.

The "Doten Golf Tournament" certainly must have been a successful affair. The ever ambitious "Hilltop" Branch of Children's Hospital—thanks to Don Doten's generosity—co-hosted and the members spent a busy, busy day. The hospital received 50 per cent of the proceeds from the gallery. An extra dividend was gratefully accepted from the kind player who hit a hole-in-one and joyfully wrote out a $100 check to the hospital.

Mrs. Richard Davis of Lafayette was chairman for the day and another busy bee was Marie (Mrs. Walter) Krenz of Orinda who continuously poured coffee for participants. Pat Welcome of Walnut Creek was another Hilltop member who didn't rest for a second.

Shirley Rasmussen of Orinda and a group of friends were seen following the popular foursome composed of John Raitt, Don Doten, Bill Huston and Ed Crowley (of the Los Angeles Town House and the S. F. Sheraton-Palace.

It IS hard to play golf with a broken arm!

Karin and Jack Sexson were interested spectators—Jack sporting a broken arm which unhappily kept him from competing. Maxine (Mrs. Don) Johnson and Mrs. Bill Wolfe followed the foursome in which their husbands were playing. The Mmes. Phillip Merrill, Louis Banham and Bill Dibble were seen lunching together in the Orinda Country Club's "Pine Room."

Being greeted from all sides were popular Betty and Jack Rector who are well known in these parts but who now live down the peninsula. Betty was a former Hilltop member. One of the "hits" of the day was witty Scotty Russel of Lafayette who did an apt job of handling the microphone on the eleventh green.

Scotty—who had prepared himself for a chilly day—came attired in kilts and though he was certainly the brightest spot of color during the affair—he was undoubtedly the warmest person there.

Mrs. Gus Teicheira, the outgoing president of the Walnut Creek Junior Women's Club, was honored by her fellow board members with a lovely, informal tea the other day. Mrs. Roger Black, in who's home the women gathered, presented Mrs. Teicheira with a lovely gift from the board. Most of the "chatter" was about the very profitable year about which this enegertic club may boast.

Over $1000 have been donated to various philanthropic groups—chiefly to the new Lynn Training School on Geary Road. Mrs. Teicheira's mother, Mrs. Claude Smith, John Fontenrose, Paul Bonella, James McClintick, Richard Snoke, William Clarity and Leonard Hopkins.

Well, back to the weekend talk. . .

Well—we started this column with talk of the week-end of the 30th. Might as well end it with same.

Camille and Robert Simpson recently spent the three days of beautiful Yosemite. So did Bernice and Dan Condit of Lafayette, along with all of their "foster" sons from Troop 220. I know 'cause my son, Art, was there and returned with some burns on his left hand, some bruises on his right leg, some holes in his rear jeans and a MIGHTY happy heart.

Pearl Barrett and her children spent a quiet week-end in the sun while her husband, Wayne, was away fishing with the "boys" at McCloud. Colette and Eric Barry just sat around their new pool and APPRECIATED it for it has been "long in the making." Norm and Bob Cook planned a family picnic at the beach. Mary Alice and Bob Briggs spent their time preparing for the arrival of Bob's parents, Mr. and Mrs. Allen Briggs, from Chicago. Tchey arrived Tuesday and will visit here for two weeks. It was wedding bell time for Frances and Horace Pratt and their daughters—who journeyed to Vacaville to attend the wedding of France's niece, Holly Hane Cromwell to Melloy Norman.

Louise and Dick Nelson of Walnut Creek stopped in Fresno in route to Los Angeles to spend Saturday evening with friends. I happened to run in to them there and Louise did look so beautiful in a soft, white, pleated, silk jersey accented with a bright printed sash. What it did for her TAN!

And how are YOU doing on yours?

Contra Costa Proves Safe! Unless It's 5 & You're 10

Contra Costa County was a pretty safe place for pedestrians during 1957, Victor W. Sauer, Public Works Director, said today.

However, if you were one of those few individuals who were unlucky enough to be struck by an automobile, the chances are that you were under the age of 10, and that the accident happened on a Tuesday after 5 p.m., he added.

According to statistics gathered by Traffic Engineer Mark L. Kermit, less than 5 percent, or 61 of 1427, reported accidents involved pedestrians. However, of these 61 accidents, about half involved children under 5, and three-quarters of all pedestrian accidents involved children under 10.

Both Sauer and Kermit agreed that to them, a very important aspect of these statistics was that in only one case involving children under 10 was the driver responsible for the accident and a citation issued.

Generally, the pedestrian was at fault, since in the total of 61 accidents, only 7 citations were issued against the drivers.

Half of 61 accidents occurred after 5 p.m. Twilight and darkness and consequent impairment of visibility seem to have been definite contributory factors, Sauer stated.

Local Preps Do Well At Junior Olympics

The Junior Olympics were held at Castlemont High oval in Oakland last weekend and when the results were in a number of local preps had done well for themselves.

Top performance as expected was peerless Dixon Farmer by way of Miramonte High who had a hand in two national marks.

In one he teamed up with Leroy Whittle of Berkeley, Jim Fleming of El Cerrito and Jim Dotsen of Richmond to run the 880 yard relay in 1:30—the old mark was 1:30.2 set in Texas last year.

Farmer hit his record on his own in the 180 yard low hurdles as he ran the low barriers in 19.1 (Former record 19.2 by Raefer Johnson 1953.)

Other DVAL athletes who placed were Al Trette of Diablo who took third in the 220 and fourth in the 100.

Steiner Pedersen of Pleasant Hill copped third in the hop, step and jump, while teammate Dave Karlson copped a fourth in the discus.

John Pratt a second in the low hurdles and second in the 120 yard highs, and Harry Drake had a 6th in the highs.

Pleasant Hill had a good number of places in the intermediate division with Cliff Salzar third in the high hurdles and Pete Daniels 4th in the highs.

Don Kunbel was fourth in the pole vault, Tom Webb 6th in the 100, Roger Foulds third in the shot and discus. The Pleasant Hill quartet of Steve Ipsen, Dan O'Brien, Joe McFarland and Sid Quick won the senior division mile relay.

An interesting sidelight was the fact that Dixon Farmer showed up too late for official participation in the hop, step and jump but took part and wound up with the top mark.

WC-Concord Teams Clash

Walnut Creek and Concord opened league play last weekend when Walnut Creek copped a pair of wins while Concord won their only start as they drew a bye on Sunday.

Both nines had been delayed a week in play due to playoff of a previous tie in high school play. Concord won that one and the two ended up in a tie for top honors.

Concord won their lone game on Saturday when they toppled Rodeo 4-2.

Pitcher Ron Lichti was on the mound for Concord and notched the win as he whiffed 15 while walking 7.

It was a 1-1 ball game going into the bottom of the 9th when Lichti homered after two were down. Paul Chaplik hit another four play swat. Ron Rose tripled and tagged up to score run number four on Jim Liggett's fly to left field.

It gave Concord a 4-1 lead and proved to be enough when Rodeo collected one run in their final turn at bat.

Walnut Creek, playing at Richmond on Saturday outscored the previously undefeated Richmond team 9-3.

Sunday found Walnut Creek at home pounding out a 6-3 win over San Pablo.

Clark Ransome threw the win as well as driving in a run with a single.

Jeff Beaubien was the top hitter for W.C., as he had a double and single.

Saturday found Lafayette winning 8-2 at Richmond High's diamond with San Pablo Legion taking the loss.

Mike Kritcher was Lafayette's big fun with the stick as he had 4-4 at bat—all singles.

Lafayette scored 3 runs in the first and were never headed.

San Pablo scored a run in the third only to have the local nine come back with a pair of their own in the 4th when catcher Lou Pejovich dropped the ball on what looked to be a safe one when Bojarsky threw a strike from center field.

Lafayette got another run in the 5th, and three more in the 7th to wind up the days scoring.

In the only other game of the weekend El Cerrito rapped DeAnza for 12 hits and a 7-3 win. Jim Flavin and Ted Jarvis tossed two-hit ball for the winners.

Want Some Real Lunkers? Try These Hints by Pros!!

Tried your luck with those trout yet? In case you have and your luck hasn't been too good, the experts have a few hints for you that migh help you to latch onto some lunkers.

Sneak up on those big ones. Don't let them know your're around. A good start in this direction is to wear dark clothing. If you wear a flaming sport shirt, the fish will see you five miles away. And when you get down near that poool full of promise, don't stumble, kick rocks around, or flick your hands about too much.

FISH HEAR and see such things, and go on their way. If you're approaching in a boat, watch that the oarlocks don't squeak or rattle, that you do no banging or bumping on the bottom of the boat. The only noise the fish should hear is the sound of your lure falling on the water.

Know your lures and use the right ones. How do you go about doing that?

Study the books, ask the local fishermen. Ask the local fish. How? Manufactured flies are imitations of natural foods. Watch what natural foods the fish are going after and when you catch one, observe the contents of its stomach. That's how you ask the fish!

LOOK TO YOUR hooks. It does very little good to have the best possible lure on the end of your line if that hook is dull. Along comes Mr. Trout, chomps down on that delicious fly, feels something bumpy in among the feathers, drops the whole thing, and goes on his way. If the hook doesn't penetrate, your fish goes poof! Keep your hooks sharp. Sharpen them regularly with a whetstone or a good piece of emery paper.

Cast accurately. Suppose you sneak up on that big one, he's dangling there in the cool water over by the other bank. Then you just can't get your lure within 20 feet of him.

You whip the water for half-an-hour until the fish becomes alarmed and leaves, or just plain dies of old age. Now, if you can lay that lure down right before Mr. Trout's eyes on the first try, that's another story. And don't worry too much about laying it down daintily. Especially in the riffles, a fly that is banged down on the water is more than apt to bring an immediate strike.

ONCE YOU GET a strike, set that hook and set it forcibly and fast.

Don't be hesitant.

Don't worry about knocking the fish off the hook. If you nudge him slowly and gently, he'll get tickled, probably laugh a little, and leave. If you hook him fast and with real force, he's yours for breakfast.

Try some of these tricks. They might very well bring you a full creel and a happy day.

Who's Got the Answer To Hitting Coaches?

By ERWIN MATTSON

Ir you're a baseball fan and not seeing local Legion ball you're missing some top entertainment.

The kids play a good brand of ball and the pitching in general is more than adequate—just ask the would-be hitters.

The most difficult thing to develop in baseball is consistent hitting.

★ ★ ★

It demands poise and confidence that only a few attain whether it be sandlot ball or the big league variety—just ask the Giants.

Hitting coaches—so claimed are a dime a dozen but no one yet has come up with the answer consistently.

You can control and teach mechanical movements but the mental side is a deep and complicated one.

PSYCHOLOGISTS CLAIM to have many of the answers to the deep worship of the inner mind but just based on casual observance many of those who claim to be experts in the field have studied the complicated subject so long that they need to be on the couch themselves instead of trying to solve the problem of others via the soft music of "tell me all routine."

★ ★ ★

Most batters have an inferiority complex, fearing a strike-out and lacking the confidence so necessary to hitting.

A round ball and a round bat means the ball in general must be hit squarely.

A batting coach who can guarantee to make consistent 300 hitters out of any two specific players in a given year can draw a sizeable salary.

Lefty O'Doul of San Francisco is hailed as a top teacher — yet for years he worked with shortstop Roy Nicely of the Seals — baseball's top fielder and a sure sale to the majors for $100,000 — if he could hit.

O'Doul worked with Giant hitters this spring Darryl Spencer for one started off with a bang as he won a number of early games and attributed it to the answer given by O'Doul.

★ ★ ★

He has tapered off and at times his hitting has been non-plus.

Mays has slowed at the stick, at this writing had 0-12.

All of them have slumps, the good ones just don't get them as often now or do they last as long.

They are the ones that draw the checks in five figures.

Black Bombshell Runs Rampant on Pacheco Runway

By JEAN McGUIRE

Leroy Geving, in that black bombshell from Petaluma is really running rampant over our Contra Costa Speedway these days. He has taken two main events in the past three weeks, also giving Hugh Purdy lots of competition for first place in that big hundred lap races.

Chet Strock, that hard driving guy from Concord, who pilots number 54, certainly knows what hit him last Saturday night. He was doing a snazzy job of driving in the semi main event, when another car bumped his, and sent him into a hard end for end roll against the fence at the far turn.

While Chet was airborne Tim Kelley of Pacheco, number 44, drove beneath him, but Kelly was just a mite too slow in getting out, and found himself to be low man in the pile up. Which all goes to show a fella can get in bad trouble out there even when he's minding his own business.

Those Payne Brothers have really been working hard on their car, number 36, Hugh Payne drove it last Saturday night, and qualified it much faster than we're seen it all season. He was spun out in the third heat, but returned for the main event.

We were sorry to see engine trouble force both Jack Clayton and Herb Williams out of the main, each of them were putting on a terrific show before trouble developed.

Would like to welcome two new local drivers to Pacheco Speedway. Bill Wade of Walnut Creek, driving car number 82, and Brad McGuire of Concord, in the red Mortimer Special number 48.

McGuire did a tremendous job of driving his first race on any track, coming in second to Julian Castro in the C race.

Don't miss tomorrow night's big show. The program carries a 25 lap main event, with time trials beginning at 7, and the first race at 8:15.

Canadian Legion Post Gives Gift To Therapy Unit

Edward Traylor of Walnut Creek, Commander of East Contra Costa Post 138 of the Canadian Legion, recently presented the Mt. Diablo Therapy Center with eight linen cabinets for use in the physical therapy department, rehabilitation exercise and hydrotherapy rooms.

The 18 members of this veteran group under the leadership of Commander Trayler, designed and also built a desk for the use of the volunteer receptionists at the Center.

Materials for the work were provided, in part, by Leon Folsom of Concord and Berkeley, and the remainder from funds raised by the Post.

Folsom has made this, and former projects of the Post possible by providing the equipment necessary for the cabinet work done by this group.

Last year Post 138 made four treatment tables and two sets of shelves for the Center and is planning to assist in the current landscaping project on the Golf Club Road site.

Copeland Named Crusade Leader

Bruce Copeland, prominent local civic leader and businessman has agreed to serve as campaign chairman for the Diablo Valley area, according to Jack Pedder, Central Contra Costa County United Crusade coordinator.

Pedder said, "We are fortunate indeed to have the services of outstanding community leaders such as Copeland and the men who will serve with him. They have the experience, but more so the dedication that is required to devote much of their time and efforts to make certain that our 'One Big Drive' during the fall will be successful."

In accepting the campaign chairmanship, Copeland said, "I am in the United Crusade to help achieve real unity in our youth and welfare programming. In this fast growing, fast changing, dynamic area, we must challenge the public to pledge more generously to derive the great benefits of a single annual fund raising appeal."

Member of the President's Club of the Connecticut General Life Insurance Company, Copeland is a board member of the Central Contra Costa Council of Churches, Home Missions, Walnut Creek Rotary Club, Chamber of Commerce, treasurer of Walnut Creek Community Hospital, Inc., and vice president of Walnut Festival, and has served with the United Crusade since 1955.

A resident of the area for eight years, Copeland and his wife, Carol, and their four children reside in Lafayette.

Assisting Copeland will be Douglas Cowan of Walnut Creek, as vice chairman for the Diablo Valley area.

A local attorney, Cowan has served with the United Crusade since 1954. He is active in the Junior Chamber of Commerce, president of the Central Contra Costa Bar Association, vice president of the Walnut Creek Toastmasters, and president of Hi-12 Club.

Paul Tickner of Walnut Creek will serve as Commerce and Industry Chairman for Diablo Valley. Manager of Pacific Gas and Electric Company, active with the Hayward United Crusade for many years, and a local resident for the past year, Tickner is associated with Walnut Creek Lions, Chamber of Commerce, Farm Bureau, and American Red Cross.

Walnut Creek campaign leaders will be Bill Smikahl, administrator of the Kaiser Foundation Hospital. Herb Miller, assistant manager of the Walnut Creek Branch Bank of America, will be vice chairman.

John Lubbers, assistant manager of the Pleasant Hill Branch, Bank of America, will be chairman;

Valley Art Show Set For June 29

The beautiful home of Dr. and Mrs. Fletcher Taylor, 3675 Nordstrom Road, Lafayette, will be the scene of an exciting evening of wine tasting, impressionist masterpieces, and ceramics, mosaics, and garden sculpture on Sunday, June 29, between the hours of 3 and 7 p.m.

Valley Art Center has planned this event to be the highlight of its spring shows.

Amid the pictures of Picasso, Braque, Modigliani, Dufys and Utrillo, the guests attending this affair will delight in the very rare wines furnished by Weibel and Sons, one of California's oldest wineries. Located in San Jose, this distinguished group is a family enterprise owned and operated by Rudolph Weibel and his son, Frederick Weibel, natives of Bern, Switzerland. Rudolph Weibel had been engaged in wine making in Switzerland and France since 1904 when he came to this country in 1934 as an importer of wines and brandies. The Weibels first settled in San Francisco, making champagne from purchased wines, while looking for suitable vineyard property. They found Rancho del Ague Caliente, near Warm Springs and Mission San Jose, formerly the Governor Leland Stanford Winery, founded in 1869. Their purchase proved wise. Ever since then they have produced special, high-quality wines and champagnes.

Valley Art Center members and friends will not be disappointed in the quality of the wines. The Weibel Pinot Noir is an extremely rare, velvety-flavored wine. It is carefully matured in small casks prior to bottle-aging, to bring it up to its full-bodied, unique peak. The rarest of white burgundies is Weibel Pinot Chardonnay. It is the aristocrat of all white wines.

There will be three tables for everyone to visit. At the first table there will be Flor Solera Cocktail Sherry, Pinot Chardonnay and Grey Reisling. Table number two will feature Weibel Grenache Rose, Cabernet Sauvignon and Pinot Noir. The third table will offer one of the finest exotic aperatifs, one bottled only by Weibel and Sons. There will also be Solera Port, which, like Pinot Noir, is cask-aged, but has a more delicate blend of the deep-colored, full-bodied tinta. It is a delicious dessert wine, with a characteristic flavor.

Reservations for the Art and Garden Show may be made by telephoning Mrs. James Ford, YE llowstone 5-7025.

You'll Find Everything For Father in Broadway

Know what day Sunday is?

Well, George Webster, chairman of the Broadway Merchants Committee, wants to remind you that it's a day set aside just for Dad.

Webster said:

"If Dad's a sportsman, you'll find top quality huntnig and fishing equipment, and sportswear. If he's a homebody, you'll find slippers, pipes, barbeque and patio items, and just about everything that could make Dad's year a happy one.

"And best of all, you'll have fun shopping in Walnut Creek's complete center."

Parking? It's Very Easy In Broadway's Big Lots!

You haven't a worry in the world to find a parking space at Broadway Shopping Center, Sal Blasquez, Broadway Merchants Association committeeman, said this week.

Blasquez stated, "When Broadway was built, special provision was made for large parking lots, and as the demands by customers have increased, so has the Center and its parking area."

He added that Broadway now has 1800 parking spaces, capable of accommodating many thousands of shoppers each day.

"You never have to hunt too far, and there are always spaces," he said.

"If by chance one lot is filled, it's only a very short distance to the next lot. And there is the giant lot behind Capwell's which is sometimes near full, but is always able to accommodate more cars.

"Also, we are happy to announce that in anticipation of increased business, we are building more lots, and some will open next month, and others will be ready later, Blasquez said.

Betty Goes Hunting For a 'MAN'

By BETTY

I always look forward to Father's Day, almost as much as Christmas in a way, since the whole family can concentrate on him alone! Yesterday I got everything I need at the Broadway Shopping Center, Walnut Creek!

.... **You must kno wthat many of the women in our neighborhood keep up on things by reading The Sun and it is that Capwell's ad about their famous "Rough Rider" fine wool sport coats that reminded me this year!**

This coat is just right for the Dad in our house! Capwell's has all sizes too, and in the newest patterns and colors.

Dad is also going to get something he's been hinting about all year! Grodin's has those wonderful no-iron, cotton shirts made by Manhattan.

It's the Mansmooth line they are featuring, and you can't beat 'em.

I never saw anything a man appreciates more than a good sport shirt. They can't seem to get too many of them! There's a new golf shirt at Smith's in Broadway, with the free-swing underarm feature for ease on the fairways!

A SMITH'S salesman told me that members of the U. S. Ryder Cup golf team wear them!

One of the most enthusiastic people I met all day was Mrs. Rapport at Klad-Ezee. She showed me some of their fine Kate Greenaway summer dresses and went on to tell about their new store in Hayward.

My daughter said to me the other day, "Gee, mama, I guess everything is for daddy this week, isn't it? I just won't be able to buy that record until my next allowance."

I said yes, but to make it up to her, I dropped by to Music Town for the latest KOBY top 40 list.

She loves rock-and-roll, but I'm not sure it compares with the beautiful music I hear from those Hammond organs at Sherman Clay in Broadway. Manager Doug Spencer is often seen playing the Hammond when he is not busy.

You say I should get more things for myself? But really, I get lots of things for myself, but it's not so obvious, sometimes.

Last week I ordered one of those wonderful Charlto-Matic reclining lounge chairs for Father's Day.

Sterling Furniture Company has them, and their salesmen told me all about how dad will be able to relax in a full-length, stretchout — like no other chair alive! But, I'll tell you, mom may get more benefit from that than dad!

Having coffee and a sandwich in the wonderful Goldman's snack bar in the downstairs level, I started talking with another mother about Goldman's exquisite summer chemise dresses.

SHE SAID they cost so little and she was right, I learned.

She also directed me to Kushins, where she had found some terrific summer sandals for kids and grownups, and the two pairs she got looked both attractive and sturdy!

Say, have you been to the Broadway Pharmacy, which seems to be the hub of the Broadway Shopping Center? They have a splendid stock of new summer skin lotions and face powders and in just the right summer shades.

Looking over the wedding cards at the pharmacy, luckily made me remember that Jim and Roberta are being married in two weeks, and I headed for Robert Sawyers, who always have just the right solution for these occasions.

I BOUGHT then and there a lovely set of glasses, just right for the occasion. Sawyers has moved to East Newell Avenue, you know.

As it was getting late in the afternoon, I thought that this would be the best time to drop by Penney's and say hello to the new manager, "Robbie" Robinson, who I knew as a manager of the Vallejo Penny Store before coming here a few weeks ago.

It looks like there will be changes at Penney, with new fixtures and service. It's a wonderful store and the bargains are really bargains!

Speaking of quality and bargains, you should visit Grande's Shoes in Broadway. They have some attractive casuals—comfortable, stylish, sturdy.

I LOVE to make my last stop the Lucky Store, where I can stock up before heading home.

That delicious summer fruit is just right, and ready for the table. And you should see the high quality of their ground roundsteak and ground chuck. Makes a summer meal something worth waiting for!

I didn't mean to rattle on like this, but it's always fun—a way to pass the day, and I like to get tips myself on the newest and best in Broadway. See you soon!

Cool Breezes, Extra Hours: Broadway's Lure

The cool summer breezes, coupled with the fact that Broadway is open both Thursday and Friday evenings, make for a real family treat these days, according to George Webster, chairman of the Broadway Merchants' Association.

According to Webster, "With the season's mild summer weather, there couldn't be a more refreshing way to shop than to spend an evening at Broadway—whether it be a purely "through the window variety, or a real purchase."

"Here at Broadway," Webster said, "we feel we've got some of the finest merchandise in northern California, and what's more, it looks just as good inside as it does in the window."

"And," he concluded, "if you're looking for real buys and merchandise you won't find in most other stores, Broadway's the place to shop."

Merry-Go-Round Offers Funfare

"There's something about a Merry - Go - Round," Broadway Merchants' Association Chairman George Webster said this week, "that attracts young and old folks alike."

"We've never seen any old folks on Broadway's merry-go-round, but it's becoming a real treat for the kiddies," he concluded.

There's the piping beat of the caliope and shining gilt paint of the horses that draws the youngsters to Broadway's own circus merry-go-round, he said.

And, it's a real convenience for the folks to be able to know that their youngsters are safe and sound on the merry - go - round while they're shopping, he concluded.

The merry-go-round is located just behind the Lucky Store.

Heart Group 'In Memoriam'

Giving a memorial contribution in honor of a loved one is a particularly appropriate and thoughtful gesture for Memorial Day observation, said Dr. Howard Flanders, president of the Contra Costa County Heart Association.

Dr. Flanders said: "Memorial gifts to the Heart Association are used for research into heart disease.

"Those who have lost loved ones to this disease may take Memorial Day as an occasion to help in the fight against this prevalent killer. This is a positive action which may help in the solution on which research scientists are working."

The custom of Memorial Day heart contributions has grown in the past years, Dr. Flanders observed. He suggested mailing in gifts early in the week so that acknowledgement may be made before the holiday.

Contributions may be mailed to the Contra Costa County Heart Association, 2030 North Main, Walnut Creek.
